

HUNTER®

See us in Annapolis! October 2010

# Where Comfort Meets Performance.

Hunter 39 Salon

At Hunter Marine, our 38 year heritage of design innovation, rugged construction, and dedication to customer value has made us the leader in the North American manufacturing of sailboats and sailing yachts. This fall, we're introducing SIX new models ranging from 15' to 50', resulting in a 15 model line-up for 2011— all built here in the United States at our CE certified factory to the highest NMMA/ABYC standards.

Having logged over 500,000 combined sailing miles, Founder/Chairman Warren Luhrs and Steve Pettingill, Director of Offshore Testing, meet to discuss the NEW Hunter e36.

HUNTER®  
We Go The Distance.
